Subsurky, Pa.. Thursday, Aug. 9, 1866.

At 3 o'clock this morning a train of five lumber cars was thrown off the track between Williamsport and Sunbury, on the Pennsylvania and Eric Railroad. The engine and tender were turned over into a ditch.

The engineer, J. W. Butler, was, by this occurrence, bursed in the sand, nearly up to his head, and was dug out. The extent of his injury was a "sprained ankle."

Passengers traveling in different directions were forced, by the accident, to change cars on each side of the track.

THE PARIS EXPOSITION.

Gov. Fairchild of Wisconsin has issaed a proclamation referring to the request made by Congress in its joint resolution of the 5th of July that the Governors of the several States would unite their patriotic people to take part in the Exposition. The Governor says:

Ingestion. The Governor says:

I trige upon the people of the State the great advantage that must follow from a full exhibition of the productions of her nines, her agriculture and her mechanical skill at a time when the wealth and industry of the whole world is to have a Universal Exposition. A proper representation of her resources, is yet but partially developed, cannot fail to bring both capital and emigration, and to add greatly to her wealth.

This is considered a wise step on the part of Gov. Fairchild. and it is thought desirable that a similar proclamation should

BROOKLYN NEWS

Special Meeting of the Board of Alderwen.

FIFTEEN THOUSAND DOLLARS TO BE RAISED FOR CLEANING THE STREETS-A CHOLERA HOSPITAL TO BE ERECTED IN THE CITY PARK.

A special meeting of the Brooklyn Board of Aldermen was held in the Mayor's Office, City Hall, Wednesday evening. Ald. Hathaway occupied the chair. A communication from the Mayor was read by the Deputy Clerk, Mr. De Witt, setting forth that the object of calling the meeting was to consider the propriety of raising, by law, such a sum of money as may be deemed necessary for cleaning the streets, several of the Wards, and repairing wells and pumps; the object being to prevent the progress of the cholera and to preserve the public health. The power of the Common Council in the premises having been transferred to the Metropolitan Board of Health by a recent act of the Legislature, and the said Metropolitan Hoard of Health having declined to take any action in the matter, the Mayor deemed it expedient to call the Board to gether for the purpose of devisting means for borrowing money for the purpose of cleaning the streets, in order to abate the spread of disease among the inhabitants.

The communication was referred to a committee, of which Alderman Fisher was Chairman, who, after a short absence, reported in favor of appropriating the sum of \$15,000 for the purposes named in the Mayor's communication. The Controller was directed to borrow said amount, and to issue bonds at seven per cent interest for the same. The Corporation Counsel was directed to prepare an act, to be submitted to the Legislature, legalizing said tout.

The report and resolutions were adopted by unanimous consent.

A communication was received from the Mayor proposing nen was held in the Mayor's Office, City Hall, Wednesday

A communication was received from the Mayor proposing to erect hospital buildings in the City Park, bounded by Canton and Navy-sts. Flushing and Park-aves., for the purpose of accommodating patients in the Second, Fifth, Seventh and Eleventh Wards.

Alderman O'Keefe moved that the subject be referred to the Mayor, with power to scheet the City Park, or any other city property, and to cause the erection of suitable buildings thereon.

city property, and to cause the erection of suitable buildings thereon.

The Adderman stated that some cholera patients in the Fifth Ward while being conveyed to the Twelfth Ward Hospital, died on the way; whereas the patient's life unife might have been saved if a proper place had been provided in the neighborhood. He thought it improper that all the patients in this city should be sent to one place.

Alderman McLaughlin thought the City Park not a fit place for the location of a hospital, and although he had no objection to the selection of the site, did not believe the place fit for the purposes intended. The ground was low, filled up, and it was not many years since it was a mere mid puddle.

Ald. Fisher stated that one reason why the park was selected was, that there was a sewer running through the middle of it, whereby all the refuse could be carried off, there was also water in abundance.

Ald. Wilson thought the hights of Fort Greene the best upon which to erect hospital tents, but as there was no water, he deemed the City Park the best location.

The motion of Ald. O'Keeie was then put and carried unanimously.
